Volunteer Opportunities

We provide valuable training and volunteer opportunities to locals as a solution for long-term unemployment and social exclusion.

In the workshop, retail area, the yard & warehouse or with collections & deliveries, there are lots of different ways our volunteers help our operations. Head to our website for more information about volunteering with us.

glasgowwood.org.uk/volunteering

Stock Products

From reclaimed timber we build a wide range of indoor and outdoor pieces for use in the home, office, garden and so much more. All of our stock products come in 5 finishes as standard, but as an Osmo stockist there are hundreds of different finishes available. See page 6 to learn more.

Bespoke Projects & Services

We also accept bespoke enquiries ranging from one-off storage solutions for the home to much larger projects for corporate and social sector organisations. From customising our stock products to fabricating community gardening spaces, we're confident we can find the solution you're looking for.

See page 66 for more information on our bespoke services and head to our website to see more examples and learn more about the process.

Wood Collections

Following the model of Community Wood Recycling, we offer a convenient and affordable alternative to hiring a skip and sending to landfill. All collected material is either recycled or reused, or occasionally sold in Bay F as second-hand & vintage furniture.

glasgowwood.org.uk/wood-collections

Reclaimed Timber

In the Bay F warehouse & timber yard we sort and sell a huge range of reclaimed timber. Sourced from other local businesses and our wood collections service, our stocks are always changing. Head to our website to view price lists of our regular stock.

glasgowwood.org.uk/timber

Regular stocks of timber include:

- Scottish spruce
- Hardwood
- Sheet materials
- Scaffold boards
- Whole pallets & pallet slats
- Whisky barrels & staves

Other Reclaimed Pieces

We occasionally receive donations including furniture and many other unusual pieces. Follow us on social media and check our Gumtree profile to see what's available, or come in to Bay F to see more of what's on offer.

[gumtree.com/profile/accounts/22e35877f017d236baf9f4fe4f406eb0](https://www.gumtree.com/profile/accounts/22e35877f017d236baf9f4fe4f406eb0)

Here at Glasgow Wood, we celebrate the uniqueness of every item leaving our workshop and we'd love for our customers to do the same.

Smooth

We offer **5 natural finish options** for our stock and bespoke products. These include indoor and outdoor options to ensure the most suitable protection possible.

Clear

Smooth is simply sanded, no stain or varnish is applied. Ideal for finishing yourself if desired.

Light

Clear is a single coat of Osmo's clear satin Polyx Oil (indoor use) or clear satin UV Protective Oil (outdoor use).

Medium

Light, medium and dark finishes require Osmo's Natural oil woodstain before a finishing coat of oil for indoor or outdoor use.

Dark

This is a brief guide to how you might expect to receive your chosen product/s. Visit our finishes page to see more examples: glasgowwood.org.uk/our-finishes

All finishes we use are made by Osmo, a company using **high quality and carefully harvested natural oils and hard waxes** to produce their products.

These natural ingredients are not only better for us and the environment, they're also better for the wood. Compared to traditional oils and varnishes, Osmo finishes are more durable because they both penetrate into the wood and lay on the surface.

Their products are also low/zero VOC (volatile organic compounds). Many VOCs are harmful to the environment and human health, so it's extremely important we avoid the use of these compounds. Learn more about how their products differ from traditional finishes here: osmouk.com/about

No two trees are identical which means **every reclaimed scaffold board possess completely different characteristics.**

In their heavily-used life as scaffold boards, they're given stamps as identifiers and arrive with us in whole range of states: paint splattered, rough, smooth, knotted, scarred, stained, clean and everything in between. This means that our finishes are naturally going to differ from board to board, and every item we build is never going to look exactly the same as the last.

Above is an example of a bespoke shelving unit with a clear finish, displaying the wide variety of characteristics present in reclaimed timber.

Osmo have a **huge range of stains and finishes** suitable for both **indoor and outdoor uses**. Ideal for those looking to bring a little colour into their space, whether that be in a big way with flame red, or a more subtle way with pearl grey.

Explore all ranges: osmouk.com

Or view the swatch cards in the Bay F retail space at our South Street premises.

The following swatches are colours we commonly use from Osmo's range. They also have a much wider range of tints and wood stains available to suit a wide range of indoor and outdoor applications.

Country Colour (Outdoor)

Opaque finishes with no visible grain; highly water and dirt resistant; extremely weather and UV resistant; microporous, penetrating finish which does not crack, peel or flake.

Full range: osmouk.com/product/country-colour/

Garden Colour (Outdoor)

Opaque finishes with no visible grain; highly water and dirt resistant; microporous, penetrating finish which does not crack, peel or flake.

Full range: osmouk.com/product/garden-colour/

Wood Wax Intensive Colours (Indoor)

These finishes allow the wood's natural grain and character to remain visible after the first coat and become hidden after the second coat.

RAL & NCS Index Colours

Osmo can also mix custom colours from the RAL Classic (216), Design (1825), and Effect (490) colour ranges plus the NCS Index range - almost 4,500 colours in total. Scan the QR code or visit osmouk.com/colour-mixing/range

Assynt Lounge Chair

Outdoor Furniture

Set of 4	£248	£342	£390
Set of 8	£496	£684	£780

For matching stools you'll need to order bespoke lona benches

Eigg Stool

Our Eigg Stools are key in helping us to increase the amount of scaffold boards we can use for high-grade reuse (building furniture). These stools use up all of our shortest scaffold boards which come in a whole variety of lengths. This means you'll never get two exactly the same. A simple but extremely versatile and reliable stool which great for a whole host of uses both indoors and outdoors.

Product images show the Bum Stools with a smooth finish as standard.

Material: reclaimed scaffold boards

Dimensions:
440mm (height)
600mm (width)
220mm (depth)

Single	£45
Set of 2	£80

Jura Stool

Our Jura Stool is ideal for perching on while you garden, repair, work or even have lunch or your morning coffee. Featuring slightly tapered legs, these stools have been designed to pair beautifully with our Islay bench. And made from reclaimed scaffold boards, this seating is a sustainable alternative to purchasing brand new.

Material: reclaimed scaffold boards

Dimensions:
500mm (length)
225mm (width)
450mm (height)

Smooth	£66
Osmo clear	£94
Osmo stain (light/med/dark)	£99

Islay Bench - Narrow

With a simple and industrial style, it's no surprise that the Islay benches have been used over and over again by schools, community groups, families, and colleagues. These benches are a sustainable and eco-friendly solution for individuals, businesses and organisations looking for quality and affordable benches.

Product images show the narrow Islay Benches with a smooth finish.

Material: reclaimed scaffold boards

Tealight Holder

Our reclaimed wood tealight holders are all handmade by our amazing team of volunteers from scaffold board off-cuts, making a truly zero waste addition to any kitchen, office or living space.

Each holder possesses a completely unique character, so if there's something in particular you're looking for let us know and we'll do our best to get you what you're looking for.

Product image shows the tealight holders with a smooth finish.

Tea lights not included.

Material: reclaimed scaffold boards

Dimensions:

1200mm (height)
600mm (width)
65mm (depth)

Single (1 tealight holder)	£4
Double (2 tealight holders)	£8

Oak Stave Tealight Holder

Made from reclaimed whisky barrel casks, these tealight holders would make a highly unique centrepiece to any dining table, fireplace or side unit.

Each holder has been lightly sanded to reveal the true oak tones before being finished with a coat of clear Osmo to help prolong its life. Available in 3 different sizes (1,2 or 4 tealight spaces).

Tea lights not included.

Material: reclaimed oak whisky barrel

Dimensions* (length x width x height):

Single (180-260 x 60 x 25-30mm)
Double (160-200 x 60 x 25-30mm)
Quadruple (420-460 x 100 x 40mm)
Tea light diameter/Ø 35mm

Single (1 tealight holder)	£4
Double (2 tealight holders)	£8
Quadruple (4 tealight holders)	£16

**Please note these are approximate dimensions, every barrel varies.*

Oak Stave Spatula

Our stave spatulas have been hand-crafted by our team of woodworkers and amazing volunteers, making use of the notoriously challenging reclaimed whisky barrel lids. Being difficult to retain as a circular whole, we decided it's best to make some wonderful cooking spatulas from them. The perfect gift for the eco-friendly cook or whisky lover!

Our oak stave spatulas are treated with chopping board oil for best protection.

Material: reclaimed oak whisky barrel

Dimensions:

310mm (length)
60mm (width)

Smooth	£6
--------	----

Whisky Flight

Our whisky tasting flights are all made from reclaimed Scotch whisky barrel staves. Every single one is different due to the unique nature of the oak staves. This means you can be sure to find the perfect gift for a loved one or a special treat for yourself.

Includes a set of 3 glasses and 1 water jug.

Material: reclaimed oak whisky barrel

Cladding

We produce bespoke cladding for home, retail, hospitality and office environments

Using reclaimed timber as cladding is the perfect way of adding a little bit of rustic style to your bedroom, workspace, restaurant, cafe or hallway. Raw (unsanded), smooth or with a stain of your choice, you'll be able to customise your cladding as much as you'd like to create a completely different character every time. It's also a great solution for anyone looking to reach environmental goals or become a little more eco-friendly.

Visit our cladding calculator to generate an approximate price based on your specifications.

Chivas Regal Reception (barrel stave cladding)

Office communal/meeting space

Private home (fitted by Rowan Home Improvements)

From **bespoke furniture & storage solutions** right up to full **office or shop outfits**, we build everything from **reclaimed or sustainably sourced wood**. This means you can guarantee a completely unique and **environmentally friendly solution**.

Customised benches, storage units, planters, raised beds, tables, wardrobes - the list goes on. We have a huge portfolio of bespoke pieces made to a broad range of specifications and budgets.

Most of our solutions are built from reclaimed scaffold boards, but we do also use soft and hard woods to create our bespoke pieces depending on how and where the furniture is intended to be used. We are also able to source steel frames for a wide variety of tables, benches and storage solutions.

As an official Osmo stockist we now have a huge range of finishes available. A full sample selection is available to view in the Bay F retail space and they can also be viewed on the Osmo website.

Please note that bespoke orders take anywhere from 6-12 weeks from consultation to delivery, depending on the specifications and the workshop capacity at the time of enquiry.
